This product is a unit of a mutual fund qualifying as an undertaking for collective investment in transferable securities (UCITS).

#### Term

This sub-fund has no maturity date. However, the management company may decide to close the sub-fund under certain circumstances.

#### Objectives

The sub-fund aims to generate a long-term capital appreciation and dividends by investing in companies in Asia.

In order to achieve its objective, the sub-fund may invest in equity or equity-related securities of companies domiciled in Asia (including but not limited to China, Hong Kong, Taiwan, South Korea, Singapore, India, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, Laos, Cambodia and Myanmar).

The sub-fund will normally not invest in companies domiciled in Japan.

The sub-fund invests in particular in companies that in the opinion of the Investment Manager are expected to have a high and sustainable dividend yield supported by sustainable growth in revenues and earnings. The sub-fund is aiming at a diversified portfolio, with no particular focus on an industry or capitalization of companies.

For its investments in equities or equity-related securities of companies domiciled in China, the sub-fund may invest its assets in China B-Shares, China H-Shares and up to 30% of its net assets in China A-Shares listed on mainland exchanges of Shanghai and Shenzhen. The sub-fund will invest and have direct access to certain eligible China A-Shares via the Stock Connect.

The sub-fund may invest in derivative instruments in order to mitigate risks.

The sub-fund may invest in any equity-related instrument on any regulated market in any OECD country outside Asia as long as a significant portion of the company's assets are based in Asia or a significant portion of the revenues are derived from Asia.

The sub-fund qualifies as an Article 8 financial product under SFDR (Sustainable Finance Disclosure Regulation). Further information about the ESG characteristics applied is available online at the website of the Investment Manager: [www.agcm.se/en/documents/sustainability](http://www.agcm.se/en/documents/sustainability).
