

Sanpete Sanitary Landfill Cooperative

“Landfill Coop”

March 13, 2025

White Hills and Chester Landfills are owned and administered by an interlocal agreement between the 13 cities and towns of Sanpete County and Sanpete County as the 14th member. The “Coop” as it is established is not a taxing entity and **does not** receive tax collected dollars. The “Coop operates solely based on fees collected for waste that is delivered to the landfill. **The “Coop” provides and operated two Division of Environmental Quality approved Landfills (White Hills and Chester) to receive public waste** as required by our DEQ permits.

The landfill administration, with approval of the Landfill Cooperative Board, in an effort to make the landfill more equitable for all citizens is implementing the following changes to receive and pay for waste delivered to the White Hills and Chester Landfills. These changes in the future may allow us to lower the household fee and tonnage costs.

Changes to Operation of Landfill including Definitions of waste and pricing for waste.
